- ▼ Network Time sync

Bug fixes in 1.65

- ▼ Rooms are larger than screen, when opened in PC with lower resolution
- ▼ Manual Master
- ▼ Presets disappear after Presets are played from EAC front panel
- ▼ Macros can not "call" themselves
- ▼ Removed Zone sourcing icons
- ▼ Active Preset in Live Control tracks
- ▼ Blank LCD Time-Out page selection
- ▼ Cross-room control
- ▼ Off toggle fixed with raise/lower
- ▼ Wall fader stations only mimic out 0 and 100
- ▼ Macro Direct On and Off buttons
- ▼ Network Addressees flip

Known bugs in version 1.65:

- ▼ Presets are added instead of using existing Presets
- ▼ Includes default Day Type does not work
- ▼ Replace if On in EDMX Admin needs to take control
- ▼ Lock levels do not track template changes properly
- ▼ Zone Select gives "P80" error
- ▼ DMX Start, does not track universes nor processor start numbers
- ▼ EDMX Snapshot does not update PC display
- ▼ Selecting the Except for Presets does nothing
- ▼ Hosted Faders do not work
- ▼ Presets with 0 timing do not play
- ▼ Active Macros prevent Presets from being played on the network
- ▼ All Zones Off does not broadcast
- ▼ Cannot delete timed events with invalid Presets
