

ETC Release Note

aRFR & iRFR Focus Remote Apps

Product Name: aRFR & iRFR Apps
Description: Version 4.1.0

Focus Remote App Components

aRFR App - Android	4.1.0.10
iRFR App - iOS	4.1.0.10

Effective Date: 2021-09-30

Purpose

aRFR and iRFR v4.1.0 brings minor enhancements and bug fixes to our mobile app offerings.

Availability

Application software and updates can be downloaded from the Apple® App Store® and Google® Play Store.™

Documentation

Setup instructions can be found in the aRFR / iRFR Setup Guide. The aRFR and iRFR apps contain a built-in tutorial on the Focus Wand feature set that can be found on the About screen. ETC manuals can be downloaded from the ETC website, etcconnect.com.

Compatibility

Eos

The Focus Remote apps require Eos v2.6 or later to connect. In order to use the Focus Wand feature, connected consoles must be running Eos v3.0.0 or later.

iOS

RFR requires iOS 11 or later.

FocusWand requires ARKit, available on iOS 11.3 and later on the following devices:

- iPhone SE and above
- iPad Pro, iPad 5th gen and above

Android

aRFR requires Android OS 7.0 (Nougat, sdk 24) or later.

FocusWand requires ARCore. ARCore support is managed / maintained by Google. A full up to date list of supported devices can be found at developers.google.com/ar/discover/supported-devices.

Note: *Augmented Reality support of your device can be found on the About screen.*
