Source Four Mini™

BIG SOURCE FOUR® ATTITUDE, SMALL SIZE

Good things come in small packages

The Source Four Mini can go where no full-sized Source Four has gone before. ETC's 50-watt Source Four Mini features the same crisp optics, user-friendly functionality and sleek look of the legendary Source Four fixture, but in a compact format one-third its size. It's the perfect fit for museums, stores, restaurants, lobbies, light labs, children's theaters and other smaller-scale installations.

The Source Four Mini has four field-angle choices and comes in a portable version with a miniature C-clamp, a canopy-mount design with an integral transformer, or a track-mount model. Surprisingly bright for its size, the Mini offers crystal-clear image projection and a bright, even field.

See what the big deal is about the Source Four Mini at www.etcconnect.com/Mini

Features for all Source Four Mini models
