

Expression Off-Line Installation Notes

Important…read this

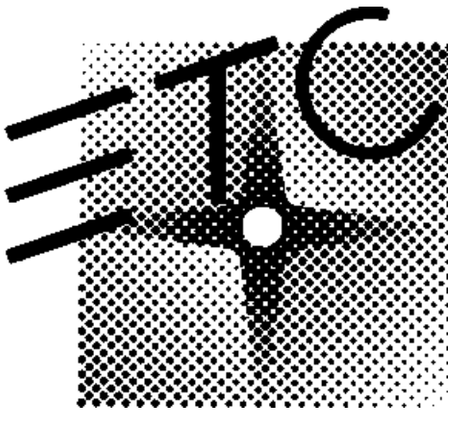

Expression Off-Line has the following minimum hardware and operating system requirements:

- 386 processor (486 or higher recommended)
- DOS 5.0 or newer
- Windows 3.1 or Windows for Workgroups 3.11 or newer
- Win32s Extensions to Windows (included) or Windows 95
- 5 MB available hard drive space
- 8 MB available RAM
- Color monitor (1024 x 768 x 256 recommended)
- 3.5-inch diskette drive
- Mouse
- If you have only 8MB of RAM and use some of it for other programs such as SMRTDRV, you may need to create a swapfile for Windows. See your Windows documentation for more details.

To print a copy of the *Expression Off-Line QuickGuide*, which provides full instructions for installing all parts of the Off-Line package, follow these steps:

1. Run Windows (3.1 or later).
2. Insert the Acrobat Reader disk 1.
3. Select RUN from the File menu.
4. Type A:\SETUP [Enter]. Follow the installer's instructions, pressing [Enter] as necessary.
5. Once the Reader is installed, double click on the Reader's icon to run the program.
6. Insert the disk labeled Express Off-Line and use the Reader to open the file A:\EOLGUIDE.PDF.
7. Select PRINT from the File menu to print the *Expression Off-Line QuickGuide*.
8. The *QuickGuide* provides full instructions for installing all parts of the Off-Line package.
